

Barberstime Cookie Website Policy

Effective Date: February 10, 2024

The Barberstime website may use "cookies" to help you personalize your online experience. Cookies are small data files stored on your hard drive by a website. Cookies cannot be used to run programs or deliver viruses to your computer. Cookies are uniquely assigned to you and can only be read by a web server in the domain that issued the cookie to you. We may use both session cookies (which expire when you close your web browser) and persistent cookies (which stay on your computer until you delete them) to provide you with a more personal and interactive experience on our Site. One of the primary purposes of cookies is to provide a convenience feature to save you time. The purpose of a cookie is to tell the Web server that you have returned to a specific page. For example, if you personalize Barberstime pages or register with Barberstime site or services, a cookie helps Barberstime to recall your specific information on subsequent visits. This simplifies the process of recording your personal information, such as billing addresses, shipping addresses, and so on. When you return to the same Barberstime website, the information you previously provided can be retrieved, so you can easily use the Barberstime features that you customized. You have the ability to accept or decline cookies. Most Web browsers automatically accept cookies, but you can usually modify your browser setting to decline cookies if you prefer. If you choose to decline cookies, you may not be able to fully experience the interactive features of the Barberstime services or websites you visit.
